

TWO YEAR

ALTERNATIVE LICENSURE PROGRAM

for Colorado Teachers

FIELD COACH – TWO YEAR ALTERNATIVE LICENSURE PROGRAM Part-Time •

Immediate Need Special Education Field Coaches

The Two Year Alternative Licensure Program is seeking experienced educators — retired Teachers, Principals, Assistant Principals, and Instructional Coaches — to support and mentor first-year teachers as they work toward meeting the Colorado Teacher Quality Standards.

Role Overview

Field Coaches provide structured, high-quality support through lesson plan review, classroom observations, and actionable feedback. Each coach completes **eight formal observations per teacher** across the program timeline: First Year: Fall (3 formal observations); Spring (3 formal observations) Fall (2 formal observations) Coaches also maintain ongoing communication through email, phone, and in-person meetings.

Special Education Internship (TIRP VI)

Special Education Field Coaches complete two formal internship observations, grade the reflective journal, and submit final documentation. **Stipend: \$300 + mileage**

Key Responsibilities

- Coach teachers in standards-aligned instruction, lesson planning, differentiation, and evidence-based practices
- Support classroom culture, management, and inclusive learning environments
- Model professionalism, communication, and reflective practice
- Maintain accurate documentation and comply with program expectations
- Provide targeted support for Special Education candidates when applicable

Qualifications

Required:

Bachelor's degree

Minimum 2 years teaching experience (Elementary, Secondary, or Special Education)

Preferred:

Master's degree

3+ years Special Education experience

Compensation:

\$1,000 per teacher per year

Most coaches support **2–3 teachers annually**

Mileage reimbursed at the current State rate
